

# 802.11g Wireless USB Adapter

- ✓ **Wi-Fi Compliant (802.11b/g)**
- ✓ **54Mbps Data Rate at 2.4GHz**
- ✓ **64/128Bit WEP Encryption**
- ✓ **Supports USB 2.0/1.0**
- ✓ **Plug and Play**
- ✓ **Windows XP Ready**  
*Also supports Windows 98SE, 2000, and Me*

Wireless networking has never been easier! With Unicom's 802.11g Wireless USB Adapter, you will be up and running with wireless in no time.

Wi-Fi Compliant, Unicom's Wireless USB Adapter is compatible with all 802.11g and b wireless appliances. It provides all of the features and qualities that your family and home office demand, like 128Bit WEP Encryption for secure data, plug-and-play design, and speeds up to 54Mbps.

Perfect for home, small networks, and anyone on the go. Unicom's Wireless products are ideal for mobile and remote users and situations where a wired installation is either cost prohibitive or difficult to employ.

Don't get tied down by wires again. Go wireless today!

PART NUMBER	DESCRIPTION
