Wall Mount Component Video/Digital Audio Module

PART NUMBER	DESCRIPTION
-------------	-------------

CVA-FS3AG-XX*	Wallmount Component Video/Digital Audio Module
---------------	--

COLORS: *XX = EW - Electric White EI - Electric Ivory

Features

- Converts High-Res audio and video to Cat 5e/6 UTP Cable
- Delivers 480p up to 100m, 720p up to 75m, and high resolution 1080i HD quality up to 30m using Cat5e/6*
- Delivers crisp digital audio over Cat 5e/6 UTP Cable
- Supports Dolby Digital™ and DTS™ Surround Sound
- Great for transmitting component video and digital audio signals over long distances

*Results may vary

Wall Mount Component Video Module

PART NUMBER	DESCRIPTION
-------------	-------------

CVA-FS2AG-XX*	Wallmount Component Video Module
---------------	----------------------------------

COLORS: *XX = EW - Electric White EI - Electric Ivory

Features

- Converts High-Res Video to Cat 5e/6 UTP Cable
- Delivers 480p up to 100m, 720p up to 75m, and high resolution 1080i HD quality up to 30m using Cat6*
- A quick, cost-effective way of connecting component video devices
- Great for transmitting component video signals over long distances
- Features Impedance Matching Transformers

*Results may vary

Wall Mount S-Video Audio/Video Module

PART NUMBER	DESCRIPTION
-------------	-------------

SVA-FS2AG-XX*	S-Video Wallmount A/V Module (gold-plated)
---------------	--

COLORS: *XX = EW - Electric White EI - Electric Ivory

Features

- Converts High-Res Audio/Video to UTP, up to 100 meters over Category 5e Cable
- S-Video Connector for Hi-Res Video
- RCA ports for Stereo Left and Right
- Wall-mountable
- Features Impedance Matching Transformers
- Gold-plated connectors for superior contact
- Compatible with Unicom's Impressa™ Faceplate line
- High Frequency Signal Filtering
